

# s2 Sync

The app for businesses running on System & Soul.

At System & Soul, we connect business processes and culture, offering a proven framework for your team to define objectives, assign tasks, stay accountable to action and connect with your people.

## 🔨 Build out your long-term vision in the S2 Road Map

Begin your business alignment with the S2 Road Map and set your long-term goals.

## 📝 Organize and outline Quarterly Objectives with all the important details

Keep track and share your progress for big objectives.

## 👤 Assign ongoing actions

Create a list of to-dos to complete before next week's meeting.

## 📊 Track KPIs on your custom Scoreboard

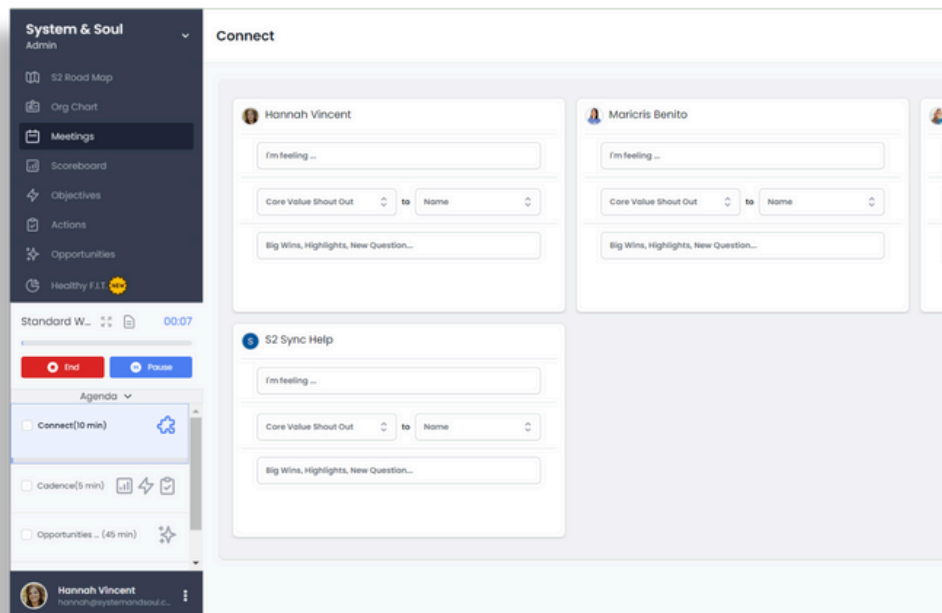

Easily track KPIs and the growth of your business with a collaborative Scoreboard.

## ! Track and discuss important opportunities and updates

Keep an ongoing list of roadblocks and ideas to review and address weekly.

## ❤️ Connect with your team and help them achieve their goals

Build personal Road Maps for every one on your team and have high-impact conversations around performance and personal growth on a regular basis
